Rev 11/19/18 Release of Instructions for Applicants

1. INTRODUCTION

The Cancer Prevention and Research Institute of Texas (CPRIT) Application Receipt System (CARS) (<https://CPRITGrants.org>) provides a means to respond to CPRIT funding opportunities electronically over the Internet through a secure connection. This document provides instructions and guidance to applicants on how to successfully submit an application in response to the CPRIT Prevention Program's Requests for Applications (RFAs) for FY19 Cycle 2. Applications for the current cycle may be submitted from November 19, 2018, to February 20, 2019.

2. FORMAT REQUIREMENTS

All sections of the application should be written in clear and legible text and must follow the guidelines described below. Applicants are advised to use font sizes, font faces, line spacing, page sizes, and page margins that permit easy readability of the application text. Applications that do not meet these guidelines are subject to administrative withdrawal.

Formatting guidelines for all submitted CPRIT applications are as follows:

- **Language:** English
- **Document Format for Uploaded Files:** PDF only
 - Do NOT password protect documents.
 - Do NOT submit documents that are bound together in a single PDF package.
- **Font Type/Size:** Arial (11 point), Calibri (11 point), or Times New Roman (12 point)
- **Line Spacing:** Single
- **Page Size:** 8.5 x 11 inches
- **Margins:** 0.75 inch in all directions
- **Color and High-Resolution Images:** Any images, graphs, figures, and other illustrations must be submitted as part of the appropriate submitted document. It is suggested that applicants include text to explain illustrations that may be difficult to interpret when printed in black and white.
- **Scanning Resolution:** 100 to 150 dpi
- **References:** Use a citation style that includes the full name of the article and that lists at least the first 3 authors. Official journal abbreviations may be used. An example is

included below; however, other citation styles meeting these parameters are also acceptable as long as the aforementioned information is stated.

Smith, P.T., Doe, J., White, J.M. (2006). Elaborating on a novel mechanism for cancer progression. *Journal of Cancer Research*. 135: 45-67.

Include URLs of publications referenced in the application.

- **Headers and Footers:** Page numbers may be included in the footer. Otherwise, headers and footers should not be used (unless they are part of a provided template).
- **Page Numbering:** Pages should be numbered.
- **Templates:** Use provided templates for Biographical Sketches (Biosketches), Current and Pending Support, Resubmission Summary, and CPRIT Grants Summary (as applicable).

3. SYSTEM REQUIREMENTS

Note that CARS will be unavailable the third Thursday of each month between 7 PM and 9 PM central time for routine system maintenance.

3.1. Operating System

CARS has been developed to run on the following operating systems:

- Windows XP,
- Windows Vista, and
- Windows 7 and above.

If you are unsure whether your operating system is compatible with CARS, please send an email that includes what operating system you are currently using to the Helpdesk at Help@CPRITGrants.org.

3.2. Internet Browsers

This site is best viewed at a resolution of 1,024 x 768 using the following browsers:

- Microsoft Internet Explorer 10.0 and above,
- Mozilla Firefox 41.0 and above, and
- Google Chrome (Mac and Windows) 46.0.2490 and above.

Note: CARS is not compatible with mobile technology (eg, Surface Pro, iPad). It is recommended that applicants use a PC to complete the application submission process.

If you are unsure whether your browser is compatible with CARS, please send an email indicating which Internet browser you are currently using to the Helpdesk at Help@CPRITGrants.org.

3.3. Cookies

CARS requires the use of nonpersistent cookies. If you attempt to log into the system with the correct user ID/password and you are denied access, please make sure that your Internet browser accepts nonpersistent cookies. If you need help configuring your browser to accept cookies, please refer to the FAQ (<https://cpritgrants.org/FAQ>) or contact the [Helpdesk](#).

3.4. Inactivity Timeout

For security reasons, the inactivity timeout rule for a session login is 4 hours. This means that if you are logged into the system but have not clicked on a link or button for a period greater than 4 hours, you will automatically be logged out of the system and will potentially lose any unsaved information. Please make sure you have saved any changes, and log out when you are not using the system. To log out, select the *Logout* link found in the top right portion of the page.

4. APPLICATION SUBMISSION DEADLINE

The application must be submitted on or before February 20, 2019, 4 PM central time.

5. PERSONNEL AND APPLICATION ROLES IN CARS

5.1. Required personnel

- **Program Director (PD):** The PD oversees the project and is responsible for the overall performance of the funded project. The PD completes and finalizes a series of numbered tabs of the application. *The PD starts the application in CARS.*
- **Application/Authorized Signing Official (ASO):** The ASO is the organization's representative that is authorized to officially submit the application to CPRIT. The ASO is identified by the PD in CARS, can reset applicant-finalized tabs to draft at the request of the applicant, and submits the application. *The ASO submits the application in CARS.*

- **Grants Contract/Office of Sponsored Projects Official (GC/OSPO):** The GC/OSPO manages the grant contract if the award is made. The GC/OSPO is identified by either the PD or ASO in CARS. *The GC/OSPO must be entered in CARS but does not have a required role in application submission.*

Note that in some organizations without an Office of Sponsored Projects, the roles of PD and/or ASO as well as Grants Contract Official may be assigned to the same individual. However, this individual will need to have separate accounts in CARS to carry out each of these distinct roles (see [section 6.1](#) below).

5.2. Optional personnel

- **Co-Program Director (Co-PD):** The Co-PD assumes equal responsibility with the PD for overall performance of the funded project. *The Co-PD can start the application in CARS.*
- **Alternate Submitter:** The Alternate Submitter is designated by the PD to complete PD tasks in CARS.
- **Alternate ASO:** The Alternate ASO is designated by the ASO to complete ASO tasks in CARS.

6. USER REGISTRATION AND “MY PROFILE” SETUP

6.1. Registration

Applicants begin the application process by registering or logging in to CARS (<https://CPRITGrants.org>). All users can register for an account in the *Sign In/Register* section of the home page. To register, select the *Register here* link and complete the required information. PDs, Co-PDs, and Alternate Submitters should register as an applicant (or someone who works for one). An ASO, Alternate ASO, or GC/OSPO should register as an ASO (or someone who works for one).

Upon successful login into the system, the applicant will be presented with the *My Applications* page screen shown below:

All prior submitted applications by that user are listed on this page. After initial registration or after login, all users are encouraged to complete/verify the information under the *My Profile* link on the top left of this screen.

6.2. My Profile

Profiles contain contact information for individuals and organizations. All profile information should be completed before adding an individual to an application.

6.3. My Profile for PDs, Co-PDs, and Alternate Submitters

PDs, Co-PDs, and Alternate Submitters can set up their user profile by selecting the *My Profile* link at the top left portion of the page. The user profile contains information that will be used to autofill some of the fields in the application.

A biosketch is required for PDs and Co-PDs assigned to an application. Note that biosketches will not be transferred from the user profile and will need to be separately uploaded into the application (see [section 13](#)).

6.4. My Profile for ASOs, Alternate ASOs, and GC/OSPOs

ASOs, Alternate ASOs, and GC/OSPOs can set up their user profiles by selecting the *My Profile* link at the top left portion of the page. These profiles contain information pertaining to the organization, including name, address, institution, and DUNS and EIN numbers.

6.5. ORCID iD

In this review cycle, applicants may link their Application Receipt System profiles to their ORCID iDs on an optional basis so that CPRIT can have access to the applicant’s ORCID profile at the time of application submission.

Upon a user’s first login in this review cycle, the user will be prompted with a modal window (seen below) announcing support for ORCID authentication with the ability to opt out of any further notifications. If the user selects “Do not show this window again,” the user will not be prompted again.

As directed by the modal window displayed below, during the initial login, on the “My Profile” page, the user is displayed a description of the authentication process and is invited through an ORCID-branded link to correlate his/her CARS and ORCID profiles. Note that the system will also provide identical functionality within the “Contacts” tab of all new applications.

The screenshot shows the 'My Profile: Account Info' page. At the top, there is a header for the 'CANCER PREVENTION & RESEARCH INSTITUTE OF TEXAS'. Below the header is a navigation menu with options like 'My Profile', 'My Applications', 'My Grants', etc. The main content area is titled 'My Profile: Account Info' and contains a form with fields for 'Role', 'Salutation', 'First Name', 'Middle Initial', 'Last Name', and 'Suffix'. A message on the right side of the form states: 'CPRIT is collecting your ORCID iD so we can have access to your ORCID profile at the time of application submission. Clicking on the button below will connect your profile in the Application Receipt System with ORCID. You will then be able to sign in to your ORCID account if you already have one! If you do not have an ORCID iD and profile, you will be able to register for one. Next, when you click the "Authorize" button, you will be asked to share your iD using an authenticated process. This will grant permission for CPRIT to securely obtain your ORCID iD and ensure that you are correctly identified.' A green button with the text 'Register or Connect your ORCID iD' is located at the bottom right of the form, and a black arrow points to it.

Upon clicking on the ORCID-branded link, the system will open a new tab on the user’s browser that will direct the user to enter his/her ORCID username and password. Users without an ORCID account can initiate one from this window.

Upon a successful login to the ORCID system, the user will be directed to a modal window that explicitly requests permission from the user to share his/her public ORCID profile with CARS. If permission to correlate the 2 accounts has been provided by the authenticated user, the system then returns the user to the page from which the authentication started (ie, either the “My Profile” page or the “Contacts” tab of a new application). The system will then display a brief message confirming the authentication and replacing the ORCID-branded link with a new button that directs the user to his/her specific ORCID profile page.

7. STARTING AN APPLICATION

The table below summarizes eligibility requirements for new, resubmission and renewal applications.

Mechanism	New Application	Resubmission Application	Continuation/Expansion Application
EBP	Application not previously submitted to CPRIT	Resubmission of EBP application not funded in previous cycles	N/A
EPS	Currently or previously funded projects; expansion required	Resubmission of EPS application not funded in previous cycles	N/A
TCL	Application not previously submitted to CPRIT	Resubmission of TCL application not funded in previous cycles	Continuation or expansion of previously funded TCL application

7.1. Starting a New Application

Use this option to submit an EBP or TCL application not previously submitted to CPRIT. This option may also be used to submit an EPS application for a CPRIT project that is currently funded or was previously funded. New applications can be started in 1 of 2 ways:

1. My Applications (this is the default post-login page) → click *Start a New Application* → *FY 2019 Prevention Programs* → select the appropriate RFA → click *New Application*, or
2. Current Funding Opportunities → click *FY 2019 Prevention Programs* → select the appropriate RFA → click *Start New Application*.

Upon starting a new application, applicants are required to enter the title of the application (160-character limit; can be edited later) and select the submitter role. Do NOT use symbols or special characters (including bullets)—these will not be transmitted correctly.

When starting an EPS application, applicants will be required to enter the grant number of the funded CPRIT Prevention grant on which their EPS application is based. Applicants must also include a Most Recently Funded Project Summary in the Required Documents section.

7.2. Starting a Resubmission Application

This option should be used for resubmission of an application previously submitted but not awarded. One resubmission is permissible. Resubmission applications can be started from the *My Applications* page by clicking the *Start Resubmission Application* link of a previously nonfunded application.

Upon starting a resubmission application, applicants may revise the title of the application (prepopulated from the previous submission; 160-character limit) and select the submitter role. Do NOT use symbols or special characters (including bullets)—these will not be transmitted correctly. Once this step is completed, applicants will be directed to the summary page.

All other information, including the names of any Co-PDs, collaborators, and all required documents must be submitted afresh.

Applicants preparing a resubmission must complete the Resubmission Summary form in addition to a full application to describe the approach to the resubmission and how reviewers' comments were addressed. Any subsequent resubmission of the project needs to be substantially changed in order to be eligible for consideration.

7.3. Starting a Continuation/Expansion Application

This option should be used to submit an application for continuation or expansion of a previously funded TCL application.

Continuation/expansion applications can be started from the *My Applications* page by clicking the *Start Renewal Application* link of a previously funded application. Upon starting a continuation/expansion application, applicants may revise the title of the application (prepopulated from the previous submission; 160-character limit) and select the submitter role. Do NOT use symbols or special characters—these will not be transmitted correctly. Once this step is completed, applicants will be directed to the summary page.

NOTE: Only the title of the previously funded award is prepopulated. All other information, including the Co-PD, collaborators, and all required documents must be submitted afresh.

Applicants must include a Most Recently Funded Project Summary in the Required Documents section.

8. STATUS DISPLAY

8.1. Tab Status

The status of each individual tab is displayed under the row of numbered tabs. The figure below is an example of the status of Tab 1. It may display “DRAFT,” “PENDING ASO APPROVAL,” or “ASO APPROVED AND SUBMITTED.”

Status	Status Definition
DRAFT	The tab is being prepared by the applicant.
PENDING ASO APPROVAL	The tab has been finalized by the applicant. When all tabs are finalized and reflect this status, the ASO will receive email notification stating that the application can be reviewed/submitted. The applicant is included on this notification. Only the ASO can revert an application with this status back to draft.
ASO APPROVED AND SUBMITTED	The ASO has reviewed, approved, and submitted the application to CPRIT. Once the application has been submitted by the ASO, the PD is notified via email.

8.2. Application Status

The status displayed under the row of numbered tabs on the *Summary* tab indicates the status of the entire application (as indicated in the figure below—see Status: DRAFT circled in red).

Carefully read the information on the summary page before moving on to the numbered tabs.

- Tab 1 (*Contacts*) must be completed/finalized before Tab 3 (*Collaborating Organizations*).
- Tab 2 (*Application Information*) must be completed/finalized before Tab 5 (*Budget*).

Other tabs may be completed in any order. Applicants must successfully complete/finalize all tabs to obtain ASO approval before the application can be successfully submitted by the ASO.

- **Donations:**
 - Select whether the PD or any individual listed on the application has made a donation, gift, or grant to CPRIT, the CPRIT Foundation, the Texas Cancer Coalition, or any nonprofit organization/entity established to benefit CPRIT. If yes, then enter

the name of the donor, entity name, donation amount, and date of donation. Click the *Add Donation* link to include additional donations.

- **CPRIT Priorities Addressed (from Statute or Texas Cancer Plan):**
 - Choose the CPRIT priority addressed in the application. More than 1 priority may be selected. If Choice 5 (“address Federal or other major research sponsors’ priorities”) is selected, then enter the name of the research sponsor and the sponsor’s priority that the application addresses.

When all information is entered, click *Finalize Collaborating Organizations*.

13. TAB 4: REQUIRED DOCUMENTS

All documents must be uploaded in PDF format only. The system will not allow upload of documents in other formats or of documents that exceed the page limits specified in the individual RFAs. Do NOT password protect documents. Do NOT submit documents that are bound together in a single PDF package.

- **Abstract and Significance (use text box provided):** Enter the abstract and significance statement (limit of 5,000 characters, including spaces) for the overall program. Do NOT use symbols or special characters (including bullets)—these will not be transmitted correctly. Save entered information.
- **Goals and Objectives (use text box provided):** Enter goals and objectives for the project. Up to 3 goals and 3 objectives per goal may be entered (limit of 700 characters, including spaces, per goal and objective). Do NOT use symbols or special characters—these will not be transmitted correctly. Save entered information. The goals and objectives will be used during contract negotiation and for evaluation of annual progress reports.
- **Project Timeline (PDF format):** Upload the project timeline PDF document (up to 2 pages). The timeline does not have a specified format, such as a table or Gantt chart. However, time should be listed as general (Year 1, Month 1) instead of as specific months and years (ie, do not specify September 2019~~8~~). The timeline will be used during contract negotiation and for evaluation of annual progress reports.
- **Project Plan (PDF format):** Upload the project plan PDF document (up to 12 pages). The project plan must follow the required format specified in the RFA.
- **Project References (PDF format):** Upload the project references PDF document.

EPS applications, TCL continuation/expansion applications or for any application in which the PD has a currently or previously funded CPRIT grant.

- **CPRIT Grants Summary (PDF format; use template provided):** Upload the CPRIT Grants Summary. Applicants **must** use the template provided under the *Summary* tab. Ensure that the most recent template downloaded from CARS is used, as the template may have changed since a previous submission. List all CPRIT-funded projects of the PD or Co-PD, regardless of their connection to this application. 14.2. Detailed Budget for Year 1

Provide the information requested for other direct charges in the first year of the project.

Travel: Include any charges associated with necessary travel. CPRIT funds may be used to send up to 2 people to CPRIT's biennial conference.

Equipment: Itemize as necessary (400-character limit). Equipment having a useful life of more than 1 year and an acquisition charge of \$5,000 or more per unit must be specifically approved by CPRIT if the project is funded. Note that this category should be used ONLY for equipment with a cost of \$5,000 or more **per unit**. Use the Supplies category for any equipment with a cost of less than \$5,000 per unit.

Supplies: Itemize by category (800-character limit).

Consultant Charges: Enter charges for consulting services that may be used during the proposed project.

Contractual (Subaward/Consortium): List all subawards as well as collaborator-associated or contractually associated amounts (400-character limit). State direct charges only. Each subaward must be itemized in the *Budget Justification* by stating project charges for personnel, equipment, supplies, clinical services, and other expenses.

Services Charges: Provide a total amount for services. Provide details on the *Budget Justification* for each service to be provided. Details should include service, CPT code (if applicable), rate, and estimated number of people served. Calculate the charge of each service (by CPT code, if applicable) as follows:

$$\text{Rate} \times \text{Estimated number of people to receive service} = \text{Charge}$$

CPRIT reimburses at Medicare reimbursement rates. If rates exceed these rates, provide a detailed justification/explanation, which will be closely reviewed. CPRIT funds will be distributed on a reimbursement basis.

Other: Itemize other project-associated direct expenses by category (800-character limit).

Indirect Costs: Texas state law limits the amount of awarded funds that may be spent on indirect costs to no more than 5% of the total award amount (5.263% of the direct costs).

14.3. Budget for Entire Proposed Period of Performance

Amounts for *Budget Year 1* will be autopopulated based on the information provided on the previous subtabs, namely, *Senior/Key Person & Other Personnel* and *Detailed Budget for Year 1*. Adjustments of up to a 3% annual increase for salary and other categories are permitted for additional years. A 3% salary increase for Years 2 to 3 is permitted up to the cap of \$200,000. The salary cap (see [section 14.5](#): Salary Cap) may be revised every year at CPRIT's discretion.

Average Cost per Service: Average cost per service will be autocalculated by dividing the total charges for the entire proposed period of support by the total number of services delivered (as indicated in Tab 2: *Application Information*).

Average Cost per Clinical Service: Average cost per clinical service will be autocalculated by dividing the total charges for the entire proposed period of support by the total number of clinical services delivered (as indicated in Tab 2: *Application Information*).

Average Cost per Person: Average cost per person will be autocalculated by dividing the total charges for the entire proposed period of support by the total number of unique people served (as indicated in Tab 2: *Application Information*).

Estimated Revenue: Applicants should provide estimated revenue amounts and the source of estimated revenue (eg, collected registration fees for professional conferences). Estimated revenue should not be deducted from or added to the total requested budget.

Note that the information for the fourth subtab, *Budget Justification*, is now submitted as a PDF upload under Tab 4 (*Required Documents*). Click the link on the *Budget Justification* subtab to go to Tab 4 (*Required Documents*).

14.5. Salary Cap

The salary cap for CPRIT awards in FY 2019 (September 1, 2018, through August 31, 2019) is \$200,000. Thus, the maximum direct salary support that an individual can request is up to \$200,000 of his or her institutional salary based on percent effort on a project. The following table outlines the salary cap guidelines. Institutional fringe benefits should be calculated based on the direct salary support requested.

Base institutional salary (full-time calendar appointment)	Effort on project	Maximum direct salary support that would be requested by the applicant
Less than \$200,000	1-100%	Up to base salary
More than \$200,000 (eg, \$300,000)	100%	\$200,000
More than \$200,000 (eg, \$300,000)	50%	\$100,000

15. TAB 6: FINAL REVIEW & SUBMIT

When Tabs 1 through 5 have been completed and finalized by the applicant, the status of the application will be set to “PENDING ASO APPROVAL.” The ASO will then receive a notification email to review, approve, and submit the application to CPRIT. The ASO should log in to the system and click the appropriate application ID number under the *My Applications* page. To submit the application, the ASO must enter his or her password and click the *Approve and Submit Application* button. The ASO will then be asked to click the *Continue* button to submit the application.
